President's Message

Assuming the presidency of the Kentucky Society of the Sons of the American Revolution ends a personal journey that began August 6, 1973, the day I was accepted into the organization. Sometime later that year, I attended my first meeting of the George Mason Chapter and was promptly named president! I have served in that capacity for the last 36 years, sometimes as a committee of one, but always with the help of our local DAR and CAR chapters, who are always eager to help with our annual functions.

My interest in the Revolutionary War began at an early age. My father was SAR and we continue to farm land grant farms in Mason County. I grew up 17 miles from Blue Licks Battlefield, one of Kentucky's most important Revolutionary War sites and later attended school less than a mile from Washington's winter encampment of 1777 at Valley Forge, Pennsylvania. We would bivouac and hold ROTC maneuvers at the park. I recently visited the battlefield and am happy to report that much is unchanged since my school days.

Since becoming an officer in the Kentucky Chapter, I have traveled to numerous reenactments and patriotic ceremonies and have been impressed by the organized participation of our local chapters in bringing our mission to the forefront of public awareness.

Already as president, I attended a working lunch with President General Wilcox in Louisville to address campaign activities for the Center for Advancing American's Heritage.

As mayor of Maysville, I know what the value of having the SAR National Headquarters means to Louisville. The excitement is palpable amongst public officials at the mention of another museum in their center city.

I have spoken with Vice-President Michael Colegrove of the University of Cumberlands, and he is eager to host our July 26th meeting. Compatriot Jesse Mountjoy has facilitated our visit to Williamsburg, and we hope to see many of you there.

In the mean time, I hope to visit with chapters across the Commonwealth in hopes of increasing awareness of the SAR, and the benefits of membership.
